

UHAI EASHRI PRIVACY POLICY

Version of 16th November 2019

UHAI EASHRI processes personal data and other data in compliance with the applicable laws. We feel very strongly about privacy, and handle personal data with all due care.

You can contact UHAI-EASHRI at info@uhai-eashri.org to access or modify your data whenever you wish. You can use the same email address to inform us if you no longer wish to receive updates about our work.

Read on to find out how UHAI-EASHRI handles personal data.

Scope of applicability

The present privacy policy applies to all processing operations concerning personal information supplied by donors, grantees and relations (hereinafter: 'Personal Data') and data acquired from individuals' visits to and use of UHAI EASHRI website and Grants Management System.

By participating in one of our campaigns or becoming a donor or grantee, you accept this privacy policy and give your consent to UHAI EASHRI to collect and store your data and process them in the manners described in the present policy.

Data processing

UHAI EASHRI processes Personal Data for its donor and grantee records, for its fundraising programmes and for providing information about campaigns.

UHAI EASHRI ensures that the systems in which Personal Data are stored have appropriate organisational and technical security. This serves to ensure that Personal Data are accessible only by employees whose jobs carry the necessary authorisation and that we use the Personal Data only for the purposes for which they were acquired and for compatible purposes. In so far as UHAI EASHRI engages service providers to assist with recordkeeping, fundraising or providing information, the use of the data and the security measures implemented by those parties are recorded in data processing agreements.

Your data will not be disclosed to other third parties without your explicit consent, except where it is required by law to disclose those data.

Data from newsletter subscribers are removed as soon as the individual unsubscribes.

Data collected through the Internet

UHAI EASHRI collects Personal Data through its websites. This happens when a visitor subscribes to one of our email newsletters, participates in an online campaign or signs up as a donor or grantee.

Data collected through sources other than the Internet

UHAI EASHRI also collects your Personal Data if you take part in a UHAI-EASHRI campaign, or if you become a grantee.

Email

If you have supplied UHAI EASHRI with your email address as a newsletter subscriber, a donor, a grantee or an information recipient, you will receive emails informing you about our work and asking you to support our campaigns.

When UHAI EASHRI sends out electronic mailings, we use a system that provides information about the method used for opening the email. That system also offers the possibility of tracking whether readers click on the links in our emails. UHAI EASHRI does this to align the information provided to you more closely to your interests.

To withdraw your consent for receiving information by email, use the unsubscribe link in the appropriate email or else contact UHAI-EASHRI by sending an email to info@uhai-eashri.org.

Communications with grantees

If you are a grantee, we will record the Personal Data that you provide in our grantee records and our Grant Management System. UHAI EASHRI contacts grantees by email and or telephone. UHAI EASHRI informs its grantees of its work by email and/or telephone.

Our grantee records and Grant Management System also contain Personal Data of relations. A relation is a person who is registered with telephone (for example having taken part in a campaign, subscribed to a newsletter or requested information) without being a grantee.

If you have indicated a preference for receiving no future emails from UHAI EASHRI, we will process that preference in our records and never contact you again on the registered email.

Cookies

UHAI EASHRI uses cookies: tiny text files that Internet pages store on a visitor's PC, tablet or mobile telephone. Those cookies are used to improve the user-friendliness of UHAI EASHRI's website and to monitor visits to the website.

You can disable or delete cookies whenever you wish. You can adjust the settings in your browser to notify you as soon as you receive a cookie, or else to disable cookies. However, this might interfere with the website's optimum performance.

Google Analytics

UHAI EASHRI uses Google Analytics to collect information about details such as the date and time of your visit to our website and the pages that you viewed. UHAI EASHRI uses these data for improving its website, compiling traffic statistics (e.g. the times of day or the days of the week when the website receives the highest numbers of visitors) and for assessing the popularity of the various parts of the website. UHAI EASHRI only uses these data in aggregated form, and cannot trace them back to particular devices or individuals. You can install the Google Analytics Opt-out Browser Add-on to stop our website from forwarding information about your visits to Google Analytics.

Social networks

Our websites contain buttons and widgets for the Facebook, Twitter and Instagram social networks, to make it easier for you to share UHAI EASHRI campaigns and news with friends. Those social networks are connected to web servers that can trace your activity on our website and combine the results with other information from other websites. Social media cookies are only stored if you are logged in to the relevant media while visiting the UHAI EASHRI website and if you give permission. You can disable this function by installing a program such as Disconnect for Chrome and Firefox.

Security

UHAI EASHRI has implemented appropriate technical and organisational measures to secure Personal Data against loss or any form of unlawful processing. Our page uses Secure Sockets Layer (SSL) to ensure that payment details remain secure. SSL is a protocol that ensures that Internet communications remain secure and that is designed to prevent eavesdropping, interference and message falsification. If you are on a secure page such as our grantee form, your browser should inform you that you are on a secure site.

UHAI EASHRI uses SSL to secure sensitive information, and also secures offline user information. Access to all your data is restricted. Only employees who need that information to carry out specific tasks can access those Personal Data.

Questions

If you have any questions about how UHAI EASHRI processes your Personal Data, and what Personal Data UHAI EASHRI processes, please contact UHAI EASHRI at info@uhai-eashri.org. UHAI EASHRI may ask you for proof of identity before we may grant you access to your Personal Data in our records.

UHAI EASHRI reserves the right to update its privacy policy. We recommend that you check this privacy policy regularly for any changes.
